Time: 7:30 PM

Where: Cornell Cooperative Extension Building

Who Should Attend: Anyone interested in the development and future use of the North Fork Preserve Suffolk County Park

Suffolk County Parks will be giving a presentation on the Conceptual Plan that was prepared as a requirement when Suffolk County acquired the property that is now North Fork Preserve County Park.

The purpose of this meeting is to provide an opportunity for the public to give input to the North Fork Preserve Suffolk County Park Advisory Committee on how the park should be used in the future. This input will be considered when the advisory committee makes recommendations to the Suffolk Parks Department on how the park should be developed.

Suffolk County has dedicated funds for the purpose of preparing a Master Plan for the park. There will be additional future opportunities for public input as the county moves through the Master Plan and environmental review process.

Members of the public are encouraged to attend. For more information, please email gwynn.schroeder@suffolkcountyny.gov or call 631-852-3200.
